Not for little ones

By Judy Lupone

I read the free samples and they are fun and adventurous, but make sure your kid is old enough for talk of corpses hanging from trees and skinning children, trying to kill them by drowning (a baby!) and so on.

Entertaining!

By gamer

This book is a pretty good choice for a child who is read to on a regular basis. The stories are short enough to read to a child as "bedtime" stories, but very original, although somewhat old-fashioned. My six-year-old daughter finds the stories very entertaining .

Great collection, some olde english teething problems

By J.F.

Great collection of stories though I must say the english is quite of the "olde" variety at times that clashes with what you expect to read, as if there's been no editing since the Grimm brothers compilation! My kids love the stories so far.
