Cyd Ropp’s “Simple Explanation” is a wonderful, informative

By Big Sky Reader

Cyd Ropp’s “Simple Explanation” is a wonderful, informative, thought-provoking, and thoroughly enjoyable read. She constructs an original model of this multi-dimensional universe that is analogically consistent, and intelligently suggests the mechanisms by which the physical, mental, emotional, and spiritual worlds are linked and integrated into one experience/thought that emanates from the Creator and ripples through every dimension of creation, at once differentiating and yet mirroring its Author’s Word.
