This book goes above and beyond your average mermaid story!

By Kaylin Beach

"I dropped below the water, and kicked away from the sea floor. The change raced through me, disintegrating my clothes and transforming my legs into a tail."

Become was the last book in The Awakened Fate series! This was such an exciting read! Full of betrayal, suspense, love, friendship, death, royalty, and secrets. I had to read this book in one sitting because I had to know what was going to happen next! I could not put it down.

Chloe, Zeke, and Noah returned to the ocean. Yes, I did say Noah! Let's just say that Chloe's powers are growing more and more each day. Almost everyone in the ocean are their enemies. How do you trust? Who do you trust? Can Zeke and Chloe even trust their parents? Yes, we do meet Chloe's real dad in this book! But that is all I can say! Who he is will shock you! You will have to read the book for yourself to know how their final plan went, along with their final battle! You will also find out who Chloe picks! Yay for love triangles!!

Skye Malone is amazing! I still can't figure out how she created all the creatures she did! They were awesome creatures and characters! Each and every character had their own unique personality and I fell in

love with all of them. Not Noah's cousins though. This book wasn't just your average mermaid book. There were actually other creatures hunting mermaids for once, instead of your usual human vs. Mermaid story.

I'm very sad this series is over, but Skye Malone informed me that something exciting is coming!!! Woohooo!!! I really recommend this series.

A Great Series.

By Marsha Balbuena

I have read all the books in this series. The characters were believable and well developed. The language was exquisite and well written. The story was very exciting and contained many elements. There was love, hate, adventure, mystery, suspense. Although there was great attention to detail, there were none of those boring spots where the background is described on page after page. Chloe was a girl with a big problem and supposedly crazy parents. As the story develops, she discovers why they don't want her near the ocean. Turns out there are multiple people who want her dead, in the ocean and on the land. Things are also complicated by her love life. Thankfully, she has great friends to help her and give her advice. In the end, it all works out and the bad guys get their just rewards. It is a great story and I highly recommend it.

Sad but Fantastic

By Peejay

Chloe, Zeke and Noah have come a long way in this final book of the series. Zeke's brother is beyond help, or so it seems. They are hunted by more than one psychotic group and try to find help with Zeke's mother. Little do they know, but she's just as bad. And Chloe finally finds her father. Who knew???

This book has an incredible ending, and I was surprised with it. It's very sad, but nothing else made sense. It's sad but exciting. Zeke will become more as will all of the others who were exposed to the storm and the power emitted from it. Noah is my hero. He will continue to be a bright light in the sky.
