Finalist for best mystery in Next Generation Indie Book Awards 2016.

Heath's debut novel is gripping from the get-go, populated by a gallery of indelible characters and set against a landscape that's both breathtakingly beautiful and punishing.... Heath writes efficient scenes of suspense and jolting violence, but the quieter, more reflective moments are the most memorable: "They sat sipping the tea; looking out the window at the shadows cast by the city's hard yellow lights and listening to the gusts of wind tap the window with pellets of rain."...An auspicious mystery debut. --Kirkus Reviews

## About the Author

In his teens, Russell Heath hitchhiked to Alaska and lived in a cabin on the banks of the Tanana River. In his twenties, he lived in Italy and then traveled overland across the Sahara, through the jungles and over the savannas of Africa and into southern Asia. In his thirties, he sailed alone, in a 25 foot wooden boat, around the world. In his forties, he wrote novels. And in his fifties, he bicycled the spine of the Rockies from Alaska to Mexico. He's worked on the Alaska Pipeline, as an environmental lobbyist in the Alaska Legislature, and run a storied environmental organization fighting to protect Alaska's coastal rainforests. Several years ago, he moved to New York City to dig deep into leadership development and coaching. He now coaches business and non-profit leaders as well as people who want to live rich, hand-crafted, masterful lives.

She stares at her mother's clumsy lettering on the envelope. Nine years. Nine years since she stepped over her mother's drunken body and into a cold Alaska night running south, lost to her mother forever.

How did she find me? She hesitates, not wanting to open the envelope, knowing the letter inside will drag her home; back into the bleakness of a life with no exit.

Kris Gabriel, twenty-four, Alaska Native, and fierce like a wolverine, returns to Alaska—to find her mother murdered; shot in the face by the double-barreled blast of a shotgun. Angry her mother is pushed around even in death, guilty she abandoned her in life, Kris only knows to fight. Relentlessly, she tracks a trail of pain, of lost love, of lives ripped apart by the frozen north's unyielding law of survival, never suspecting it's not what her mother would have wanted.

Never suspecting that she has far more at stake than finding her mother's killer.

Broken Angels is fast-paced Alaskan noir filled with richly drawn characters struggling to survive in a hostile country where there are no second chances.

I am absolutely the richer for reading this book!!

By Pamyla Love

Broken Angels is well written with words that painted the varied Alaskan landscape with such richness to detail all my senses were activated, and the depth of each character was complex and believable. I felt immersed in each character and felt a witness and a part of each one's experience. It was like I could step into each characters shoes. While it was an engaging mystery, I feel Russell Heath truly tapped into something far deeper; the mystery of being human. The inner landscape of our being like Alaska with the right conditions can be soft and beautiful and full of light, or harsh and unforgiving and full of darkness where we give no second chances. Each one of these characters, is truly is an angel. Each one took action based upon flawed or broken beliefs, judgments, and assumptions based on their model of the world, leaving a trail of broken spirits. By the end, I felt only compassion for each character. Long after I put this book down, I continued to reflect on these characters. This novel has made an impact and opened me up to the broken angel in all of us, and perhaps the compassion I developed for the characters, I will be able to carry into the "real world" I am richer for having read this book.

Novel Investment for 2015

By Ironman321

Brilliant. Exciting. Engaging. I couldn't out it . I'm not much a novel/thriller reader. However, I couldn't put this book down. The characters were so well defined. And the story had such rich detail that you do not want to over look a thing! If you like Stephen King novels and or watch the tv show Criminal Minds..well this will blow you away. Great investment of time. Took me about 4 days to finish. I look forward to reading more from Russell Heath.

By Harriet H.Frye

The author obviously knows Alaska, its terrain, its weather and its people. If you are headed to Alaska and want to get in the mood or you've been and want to remember or you just want to know a little bit more about this huge state that is part of the U.S.A., this is the novel for you. Besides it is a fascinating thriller with people you become attached to.
