One of the best volumes of poetry published this year or any year, DICKHEAD is an absurdist knuckle sandwich that deals in realism and farce in equal measures: simultaneously a punch to the gut and massage--jasmine mixed with hemlock--a ride through the Tunnel of Love and into the Fun House...An eclectic stew of poetry that engages both soul and spleen, heart as well as mind.

Griity and full of emotion.

By K. Westrope

Burke's poetry is not for the faint of heart. It is gritty and at times, very dark. It will kick you in the gut and tear at your heart. It is also very personal, which is what I like most about it. Whether it's anger, frustation, love, or something else, you can feel the emotions jumping off the page in to your lap and in to your heart.

Though his writing style is very different from most of the poetry I read, I enjoy it because it feels so real.
