Welcome to Fairy Tale Fusion.

Where things get messy in the Riding Hood.

What if the characters in Fairy Tales were real? What if they lived in Fairyland, a place not too dissimilar to ours, next to Wonderland and down the street from Camelot?

Meet Detective Piper, member of the Fairyland Metro Police. His job, to ferret out the suspects and investigate crime on the streets and in the lanes of Fairyland. Along with Officer Simon, he's hard at work, searching for a missing pumpkin, hunting for an arsonist, wondering what the future holds in a series of crystal ball robberies, and dealing with spells, curses and other strange happenings.

His cases, and others like them, are the headlines of the day, brought to you by FTN news anchors Spider Bramble and Aurora Gossamer, with entertainment correspondent Lucinda Lovedust and reporter Chip Charming. Keep up-to-date on the latest information out of Fairyland and its adjacent suburbs, and the recent hubbub with trolls, princesses, fairies and their ilk.

And when you are done dancing with Cinderella and her cronies, open the lid of a very scary toy box to find where children's nightmares begin... and end, badly.

And remember, always be nice to your Fairy Godmother.

Funny and Creative

By Martha A. Cheves

Have you ever wondered about what happened to all of our nursery rhyme characters? All of the stories ended with "They lived happily ever after" but is that true. Well, according to A. F. Stewart and the story land reporters, along with the story land police, that wasn't really the case.

Do you remember Alice who went to Wonderland? Well, there was a grand wedding of the Mad Hatter and Alice last Sunday. It was a stunning affair, utilizing a red and white wedding theme with a playing card motif. The bride looked dazzling in a crystal encrusted white dress with cap sleeves, offset with a red embroidered sash. Bridesmaids included the bride's sister, the Duchess, and the Cheshire Cat. The best man was the White Rabbit.

Have you ever wondered what ever happened to The Three Little Pigs? Well, according to reporters Spider

Bramble and Aurora Gossamer with the Fairyland news, there appears to be a manhunt for the First Little Pig, in connection with a tragic domestic incident that left the other two Pig brothers butchered. A late night dispute, over what seemed to have been long simmering family grievances, went terribly wrong, resulting in the stabbing death of two of the brother Pig.

And what ever happened to the Old Woman Who Lived in a Shoe? She went missing fourteen days ago, after apparently suffering a nervous breakdown. This is the latest in a string of mishaps, including her arrest on drug charges and the removal of her children into foster care by Child Services. The Fairyland Police tracked her down and evidently found her trying to make a size 12 Oxford loafer her new home. She is now undergoing psychiatric observation and rehab.

To my surprise, and I'm sure yours too, there apparently wasn't a Happily Ever After for these beloved childhood characters. Fairy Tale Fusion will take you back in memories as you find out what really happened to Red Riding Hood and the Wolf, Tom Piper, Sleeping Beauty and even Beauty and the Beast.

I've read other books written by A. F. Stewart and enjoyed them and this book was just as enjoyable. Her version of these bedtime stories are not exactly great for children but they sure did give me a chuckle and I think it will you too.

A perfect bland of humor, horror, snippets and stories, and fun

By Sheila Deeth

If you've read Once Upon a Dark and Eerie, by A. F. Stewart, you'll already have met the newscasters at Fairy Tale News, and you'll recognize the flavor of this slim volume. The author skillfully intersperses short sharp news snippets ("Mary's soft wool and yarn... Rumpelstiltskin was apprehended... the wedding of Jack and Jill...") between longer tales of mystery behind the headlines, and suspense behind the myth. Long-running stories continue after the break with breaking news. The search for the Old Woman Who Lives in a Shoe continues. And Fluffy the Clown reappears with a satisfying picture of his secret.

Fairytales have always had their undertones of horror. Here they have horror and family fun, perfectly blended, and, as the tagline so enticingly declares, "things get messy in the Riding Hood."

Disclosure: I won a free ecopy and thoroughly enjoyed it.

Kitty Muse Book Reviews

By Kitty

Goldilocks on trial for breaking and entering. Old Mother Hubbard under suspicion for animal abuse.

What happens when reality seeps into your favorite childhood stories and nursery rhymes? Something pretty much along the lines of this book.

Detective Piper has his hands full, what with the Snow Queen crashing Cinderella's party, among other crimes of the most dastardly type. Not to mention his on-again, off-again relationship with Rose Red, the woodland witch. She, however, has problems of her own, which Piper is only too happy to help her sort out. Definitely the type of book that answers the reality-based question: "Do they really live happily after in those stories?"

"Fairy Tale Fusion" reminded me a lot of Jasper Fforde's Nursery Crimes series, and was just as entertaining. I definitely recommend this book.
