Review

This ecological fable, a British import, has the folkloric atmosphere of Pinfold's Kate Greenaway Medal-winning *Black Dog* (2012)...Chilling and thought-provoking, this picture book for older readers invites discussion.

—Kirkus Reviews (starred review)

The rhyme scheme is gentle and soothing, and Pinfold's luminous mixed-media illustrations are gloriously strange. This fable about the power of the outside world and the balance between technology and nature is important, and the story itself is haunting and austere.

—Booklist (starred review)

Pinfold's vision of the natural world breaking free of human fetters is captivating.

—Publishers Weekly

About the Author

Ecological Fable for Older Children

By Annette Lamb

GREENLING by Levi Pinfold is a beautifully illustrated picture book fable.

Designed for the middle grades, this thought-provoking ecological fantasy features a mysterious green baby who stimulates plant growth and the power of nature wherever he goes. This story of the connection between people and the natural world will promote lots of student discussion.

Librarians will want to add this title to their growing collection of picture books for older youth.

A Wild Thing Is Born

By tvtv3

In the gorgeously illustrated GREENLING, on his barren land Mr. Barleycorn finds a strange Greenling baby in a flower pod where an old tree once stood. He isn't quite sure what to do with it, but he knows it's not right to leave the baby alone outside so he brings it home with him. His wife is in a fit, but allows the baby to stay. But the Greenling has a strange power that causes green plants to grow and Mr. and Mrs. Barleycorn's lives change forever because of the little green baby. The story has a rather strong environmental message to it, but I still enjoyed the book. The illustrations are works of art and doing an excellent job of augmenting the story and bringing it to life. I'm surprised someone in Hollywood hasn't snatched up the rights to this book because it would make a great movie (either live action or animated). Overall, I found GREENLING to be a beautifully illustrated children's book with a good message and a decent plot.

What a wonderful book! My seven-year-old son and I checked it ...

By G. Welch

What a wonderful book! My seven-year-old son and I checked it out at the library, read it together at home, and now we're buying a copy. This beautifully illustrated book sends a great message about nature and life in general. Nothing but flowers...
