Cover is poor quality, but content within is decent for aspiring escape artists.

The cover of the book is pretty low quality (it's pixelated and looks pretty unprofessional), but I bought this as a gift for a 10 year old aspiring escape artist, and he loves it. It's got some pretty handy tips and tricks, but I sincerely doubt the techniques are going to get you out of any kind of serious trouble. I would call this a semi-serious primer to escape artistry - make a great gift for young magicians.
