## Josephine

Josephine Best has it all figured out. Just seventeen, she's been to college, she has her own hairdressing shop, and she refuses to be distracted by any of that courting nonsense. At least until nice George Brooks begins to pursue her. Jojo isn't looking for romance, but she permits George to call on her.

## The Soldier

Adam Morgan has always been a Casanova, and no girl is immune to his charm. But when he comes home wounded from the War Between the States, it's a girl he used to call "Pest" who's turning his head. All grown up, Jojo is being courted by another soldier, and Adam knows it would be foolish to play with her heart. Even so, he just can't get the headstrong young lady off his mind.

For her part, Jojo can't deny her growing feelings for Adam. But he's always been such a flirt -- he can't possibly be serious about her. Besides, she has George falling all over himself to please her. As the war rages on, Adam's feelings for Jojo grow stronger, but Jojo's determination to resist him does, too. One thing is clear, though: Jojo is a girl who always gets what she wants, sometimes in spite of herself.

Sweet Love

By Kelly

If you have read any other books from this series, you know that they are simply fantastic. Belle and the Beau features JoJo, who's story is in Josephine and the Soldier. JoJo is Daniel's little sister, the man that Belle married in the aforesaid novel.

JoJo's story is my personal favorite in the series(so far). In Belle and the Beau, Adam Morgan and his brother Jeremy used to tease their best friends little sister all the time, calling her "Pest" and aggravate her to no end. When the brothers move to Canada, the Best family thinks that that is the last they will ever see or hear from the Morgans. But it's not!

Adam is injured in the civil War and returns to his old town where several soldiers are staying. Mrs. Best offers him a place in their home, since she always loved the Morgans like her own sons.

When Adam see his little "Pest" again, he doesn't even recognize her! She is grown up and beautiful, taking his breath away. However, the Jo remebers Adam and Jere was that they unending charm towards the ladies, always "picking flowers", and they stayed that way. That is, until Adam sees JoJo.

JoJo treis to ignore the way Adam makes her fell, but she simply can't. She has her eye on another man, after all, who's asked to call on her. But, then how does Adam make her feel in ways that no other man ever has? She loves him, and he her, bu whereas Adam is willing to admit to it and put an end to his "flower picking days", JoJo does not believe him....yet.

Read this book, but only after you read Belle and the Beau. Knowing the two's history together makes this even more charming and hilarious then it would be, READ IT!

Shades Of Romance Magazine Review

By Amazon Customer

Reviewed by Brenda Turner

Seventeen year old Josephine Best had a life long dream to own her on beauty shop.

JoJo didn't bother with affairs of the heart, because she had more other important things on her mind. With the war coming to the end, JoJo had her sights set on marketing her hair products. JoJo was not looking for love, when she met George Brooks, a wounded soldier on medical leave. George convinced her to allow him to court her.

Casanova, Adam Morgan has known Josephine most of her life. When he joined the military she was young girl who was always getting trouble. Upon his return, he met a gorgeous, sophisticated, extraordinary young women who stole his heart away.

When Adam found out that the young lady was JoJo his best friend's younger sister he could not believe his eyes. Because his reputation preceded him JoJo had no mind to consider Adam as a beau, even though she was attracted. Both JoJo and Adam tried desperately to stay away from each other. But one kiss let them know that it was impossible. Their heart had already been pierced by cupid's arrow and they had eyes only for each other.

Touché to Ms. Jenkins on this excellent bouquet of emotions. A magnificent romance that brought memories of my first real love. I rated this great piece of art 5\*\*\*\*\* stars.

The Prettiest Flower in the Field

By Dera R Williams

JoJo, as she is affectionately called, is quite the accomplished lady of color. Despite slavery alive and well in the south and the Civil War raging, Josephine Best at age seventeen has finished Oberlin College and now owns her own beauty salon in Michigan. Her best friend is engaged and other girls preen and tweeter over

young men, but she has much bigger plans like marketing her own hair products. Everything would be fine in her life except she misses her beloved father and brother, Daniel, both who are away fighting for the Union. But it is important JoJo keep her spirits up for the sake of her mother and her sister-in-law Belle, Daniel's wife, who desperately miss their husbands.

George Brooks is a soldier among a group of other wounded soldiers staying at a local boarding home. He is nice enough but then another soldier enters the picture. Adam Morgan was JoJo's brother's best friend and as she remembers quite the scoundrel. Adam, his brother and Daniel used to tease JoJo unmercifully and bestowed upon her the nickname "Pest". But what Adam sees now is a lovely blossom; beautiful to behold. JoJo is wary of his flowery words; as a matter of fact, she remembers him adept at charming the ladies, "picking flowers from the field". JoJo is not up to being one of his conquests and resists his advances. Besides, George is a respectable suitor, even if he does have issues about women being independent.

This was such an enjoyable story. We met JoJo in *The Belle and the Beau* and this spitfire's story was begging to be told. As always in Jenkins' stories, readers are graced with not only superb storytelling and colorful, engaging characters, but an enjoyable lesson in Black History. We get to see black people, who were free and living well despite slavery that showed compassion for their enslaved brothers and sisters and gave of themselves. The abolitionist and women's movements are featured prominently and give positive, believable evidence that black people were vital parts of these historical actions. This series is equally satisfying for adults as well as teens. I can hardly wait for the next installment.
