SPELLSTORM (FORGOTTEN REALMS) BY ED GREENWOOD PDF

Rumors race around Cormyr regarding the mythical Lost Spell, a powerful enchantment designed centuries ago by the presumed dead god of spells—a spell long thought lost to the ages. Found by some magic-less merchant, rumor has it the Lost Spell is to be auctioned off to the highest bidder.

It is a powerful lure, and archwizards of every stripe descend upon the merchant, only to be trapped with him inside his manor by a vicious spellstorm—escape impossible, and their magic useless with the interference from the storm.

Moreover—they find themselves faced with the infamous Elminster of Shadowdale, who claims he’s just there to decide who gets the Lost Spell, but who clearly has an agenda of his own.

But before Elminster can put whatever plan he has in motion, archwizards start dying.

One of Greenwood's best

By Amazon Customer

One of Greenwood's best books. Was surprised at all the known characters from the Forgotten Realms universe. I would have liked to have a glimpse of the future of some of the characters towards the end of the book. I also would have liked some of the reveals spread out a little more than wait till the last 25% of the book but that's just my preference since it didn't seem as rushed as I've seen some of the Forgotten Realms books lately. Excellent read, highly recommend if you're a Forgotten Realms fan.

It's Not Just For Readers. Gamers Will Find Uses For This Book Too.

By Jeremy E. Grenemyer

This novel takes place in a mansion in Cormyr that's been around for a handful of centuries.

The hardback edition includes a detailed map of the mansion, and a map key with 69 entries. Any Dungeon Master can make ready use of the map, and the story gives plenty of information on the doings inside the mansion.

The story is vintage Greenwood, and features a host of deadly mages from across the Realms. It reveals a secret of Manshoon's power, as well as just one of the many dangers kept in the homes of Cormyr's nobility.
