Amazing

By Josephine

Beautiful to look at! Gives many details about the characters not specified in the film itself such as background/personality traits. It's very interesting to look at the sketches and original ideas of each scene and compare it to how it came out in the final product. If you're a fan of Miyazaki, just love this movie, or are simply interested in the process of creating this movie's art, it's a great book to have. It never gets old.

MUST HAVE if you are a Miyazaki fan !

By NicoleJanelle

This is a beautiful book. I bought it as a Christmas present for my roommate who is a devout Miyazaki fan. She adored it. The artwork inside the book is absolutely beautiful. Its a great hardback cover that wont get worn or torn over time. Its a definite buy in my opinion. Im even considering buying another copy for myself!

4 of 4 people found the following review helpful.

Studio Ghibli Library does it again

By Stop Motion Maniac

All of the titles in the Studio Ghibli Library series are gorgeous and worth buying, and this one is no exception. It follows the same format as the other titles and is hardback with no dust cover and is 176 pages, which makes it a little shorter than the others. This may be due to the fact that it does not contain the screenplay from the film.

The book is divided into the following chapters:

Initial concept sketches

The art of animated films

Totoro animation technique

Totoro production report

The Art of Animated Film chapter contains concept sketches, storyboards, concept art, cel art, and film images. You may recognize Kazuo Oga's artwork and this is a real treat for those who enjoy his work like I do.

This is my favorite Miyazaki film and so this title in particular is a real treat.

Highly recommended.
