THE DAY I SHOT CUPID: HELLO, MY NAME IS JENNIFER LOVE HEWITT AND I'M A LOVE-AHOLIC BY JENNIFER LOVE HEWITT PDF

For any woman who has ever bought a self-help book and wondered why she bothered. (P.S. Now that I know he's just not that into me, where do I go from there? Yeah, thanks for that advice.)

Jennifer Love Hewitt is a self-proclaimed "love-aholic" and a hopeless romantic (her middle name is Love, after all!). She has been lucky and unlucky in love, and lived to tell—and she's done it all in the spotlight. Much has been written about her love life—some true, most made up to sell magazines. Now Hewitt shares the real story of what she's learned navigating the dangerous dating waters.

In *The Day I Shot Cupid*, Hewitt offers her hard-won wisdom and tells us how to embrace love with both feet on the ground. Funny, quirky, and empowering, *The Day I Shot Cupid* deserves a place on every woman's nightstand, bookshelf, or coffee table, or tucked inside her oversized designer handbag.

Loved It!

By Patricia Leppla

This was absolutely a very cute book! Also, a must-read for any woman who has been in a relationship (even if they are currently in one). Jennifer Love Hewitt uses her personal experiences from her MANY publicized relationships with men to shed a little light on all the intricacies of dating, all the good stuff and bad stuff, and even the 'Why didn't I think of that?' stuff in relationships. This does not mean that JLH is telling you "HOW IT IS" and that there is no other way, she is just giving her own little perspective.

In the end this book is meant to make you feel better about your past relationships, even if they went horribly wrong, because everyone goes through them. There is even a part where she lets a man speak for himself (Jammie Kennedy - even though they were no longer together when this book came out). One of the important things to take from this book is that everyone is different, including men. Also, we are not alone.

Plain and simple. Throughout her advice and perspective, JLH also provides little tips that she found successful, while stating that these might not work for everyone.

I highly recommend this book to anyone looking for a fun, quick, heartfelt read with no lies written in the pages.

Jennifer Love Hewitt = Love Guru

By Nelaine Sanchez

Self-proclaimed Love-aholic, Jennifer Love Hewitt, has penned this adorable little book for all you girls looking for love in all the wrong places. In its pages you'll find all sorts of advice from what to wear on a first to what not to eat or drink while you're on it. How to wait for him to call. How to not be overly needy. Feeling worthless. When to snuggle like "velcro" and then act all nonchalant about it. It is a tell-all book about all the "do's" and "don'ts" in relationships... or lack thereof. Her stories were insightful, witty, and humorous that not only give you a glimpse into some of her relationship woes but can also be helpful in avoiding some of those same painful and/or embarrassing scenarios.

Although I'm one of the lucky one's who has been married for years and considers herself to be in happy, healthy relationship with her "hubs", I can definitely appreciate a book like this. I loved the cutesy graphics, the short chapters and the bullet-point areas all told in a spunky, yet honest voice. My favorite part, Jamie Kennedy's cameo - definitely makes a girl feel good about herself and puts a big smile on your face.

This was a sweet little book that can be read in a couple of hours tops, but definitely not to be taken as light reading material as there are many lessons to be learned scattered throughout. Jennifer Love Hewitt has outdone herself in my book with her amazing love guru-ness skills. She definitely knows what she's talking about and I'm hopeful we'll hear more from her in the future.

The Day I Shot myself for reading this book...

By tamz88

I really love Jennifer Love Hewitt...as an actress.

I tried to read all of her book, but had to stop. It was poorly written and somewhat juvenile reading.

It was as if a 12 year old watched a Sex and the City marathon and decided to write a book and tell it to her Uncle. It was very awkward to try and read.
