from "Big Heads" He has gone the way of all flash. His head is getting too big for his toupee. His egotism is a plain case of mistaken nonentity. Every time he opens his mouth, he puts his feats in. He doesn't want anyone to make a fuss over him--just to treat him as they would any other great man. He's a real big gun--of small caliber and immense bore. He'd need a hole in the ground to shrink to his normal proportions. Someone should press the "down" button on his elevator shoes. If he had his life to live over again, he would still fall in love with himself. He thinks it's a halo, but it's only a swelled head. If his halo falls one more inch, it will be a noose. He's so bigheaded, he can't get an aspirin to fit him. He's so conceited, he has his X-rays retouched. Every time he looks in the mirror, he takes a bow. He's carrying on a great love affair--unassisted.

I had this book in the 60s and for kids it was funny

By Mars Trader

I got one of the original 2000 insults book in the 60s through my school as a scholastic book. We all thought the insults were funny. Yep, it's dated. Folks did you really expect an old cheap joke book to be some sort of transformational masterpiece? Why don't you see it for what it is: a glimpse of the anthropology of '50s & '60 satire? Personally I still use a few that I remember from back then, my favorite that still goes down brilliantly is: "I bet mind readers charge you half-price".

I wish I had followed the advice of other reviewers

By A Customer

Avoid this book unless you crave corny and woefully outdated 'insults' and 'jokes' (which were anything but funny). Have not read other books of this genre, so I cannot make a recommendation of another title. My only recommendation is NOT to buy this book.
