The best you can get if you want to know how ...

By Kindle Customer

The best you can get if you want to know how so much amazing music operates. I had Dr. Green for counterpoint at UT: One thing he taught us was to never let mechanics and technique overshadow beauty. By understanding how something is constructed we get a deeper sense of the awe and mystery. I could go on but I'll spare you! Great author-great book.

0 of 1 people found the following review helpful.

served its purpose as a textbook

By Arya Stark

For a complex subject in music, the textbook served its purpose.
