A beautifully illustrated twist on a classic - great for animal lovers

By muff

This is a beautiful twist on a classic - great for any "Wheels on the Bus" fan.

Instead of the classic lyrics, the lyrics in this version revolve around all the animals on the bus - e.g. the lion on the bus goes roar roar roar, the zebra on the bus goes chomp chomp chomp, the crocodile on the bus goes snap snap snap, etc. At the end the driver giraffe tells all the animals to get off the bus - as they've finally reached the swimming hole!

Jane Cabrera's illustrations are also gorgeous. They really evoke being in the jungle in Africa. Lush colors

and thick brush strokes.

My 22mo old son is a huge fan of this book! It even dislodged his lifelong top favorite book, The Wheels on the Bus pop-up book by Paul Zelinsky (also highly recommended), which is saying a lot. This is now the first song he is learning to sing all by myself - the first time I heard him singing it made the original purchase price worth it right there.

Highly recommended for any young Wheels on the Bus fan, I'd say from 18mo up.

Awesome Book

By Shell Burger

I purchased this book for my 2 year old daughter after reading some of the authors other books. This book is adorable and filled with simple words for toddlers. Since this book is based on a nursery rhyme it is very easy to read and my daughter even tries to sing along as I read. The animal noises in the book and illustrations are what makes the book so awesome. (I accidentally ordered this book twice, but I don't regret it at all, now I have a back up.) This is one of my daughters favorite books. So far I have not found a Jane Cabrera book we both (me and my daughter) do not love.

Had to proclaim our love for this book

By mrs. momster

My 16 month old daughter is entranced by this book! She has to have it read to her every night as part of our bedtime routine. She loves the pictures and I believe the repetitious nature of the wording helps settle her down before bed. I bought the author's other books and was searching for more. I LOVE the artwork too, you discover hidden little treasures all over the pages, from butterflies to bananas. This book is perfect for a broad range of babies to young children.
