Powerful, captivating, poignant.

Ruby Browne shares her stories with such raw honesty and in words so beautiful that as I read them my breath catches in my throat and goosebumps take over my skin.

Great insights for any thinker

By aocole

Browne manages to put in to words feelings and thought patterns that we've all had at one time or another. This is powerful, touching writing that will resonate with a much larger audience than the synopsis might suggest. Browne brings a level of clarity, self-awareness, and analysis to her own thought processes that we can all aspire to.

I'm not much of a poetry person so I went in to this with some trepidation. Turns out there was no need to fear. The book is mostly prose with a few poems, and the poems have a descriptive, story-like quality to them.

A thought-provoking and personal collection of poems and short stories. I read it cover to cover in one sitting. The writing is warm and inviting, and the narratives are engaging. Above all, the entire book feels

deeply personal. I came away feeling like I'd granted a secret insight into the author's past and present. An excellent read!
