Why ought to this *Wolverine: Old Man Logan By Mark Millar* It's since this is your preferred theme to read. If you similar to this *Wolverine: Old Man Logan By Mark Millar* theme around, why do not you review guide *Wolverine: Old Man Logan By Mark Millar* to improve your conversation?

Today book *Wolverine: Old Man Logan By Mark Millar* we offer below is not type of usual book. You recognize, checking out currently doesn't imply to handle the published book *Wolverine: Old Man Logan By Mark Millar* in your hand. You could obtain the soft file of *Wolverine: Old Man Logan By Mark Millar* in your device. Well, we mean that the book that we extend is the soft data of the book *Wolverine: Old Man Logan By Mark Millar* The material and all things are same. The difference is only the types of the book *Wolverine: Old Man Logan By Mark Millar*, whereas, this condition will specifically pay.

WOLVERINE: OLD MAN LOGAN BY MARK MILLAR PDF

Mark Millar and Steve McNiven - who last teamed for the monumental Civil War - bring us the most important Wolverine story of the 21st Century. Nobody knows what happened on the night the heroes fell. All we know is that they disappeared and evil triumphed and the bad guys have been calling the shots ever since. What happened to Wolverine is the biggest mystery of all. For 50 years, no one has heard hide nor hair from him... and in his place stands an old man called Logan. A man concerned only about his family. A man pushed to the brink by the Hulk Gang. A man forced to help an old friend - the blind archer, Hawkeye - to drive three thousand miles to secure his family's safety. Get ready for the ride of your life, Logan! Collects Wolverine #66-72, and Wolverine Giant-Size Old Man Logan.

A must read

By Austin Schluter

The books that tug at the heart are the ones people remember. Wolverine fans know about his dark past but in this book Logan is finally broken. Unredeemable. I love how the comic explores what would happen if hope was all but gone in the world. The heroes of the past become anti heroes or certainly come close if not crossing the line into being a villain. The artwork is beautiful and the story is amazing--read it.

A great read.

By Peter J. McGill

I bought this on a whim. I was an avid collector in my younger days in the late 60's, early 1970's. Then Marvel expanded beyond belief and, to my mind, the quality suffered. It came to a question of where my hard-earned pocket money should go. Sadly, comics lost out and life went on. Well, 40 years later, I have maybe 40 comics from the Silver Age and with the amazing movies, I'm in a position to revisit the universe of my childhood. Sad, huh?

This collection takes place in the dystopian future. Wolverine and a self-aware Hawkeye travel across the United States confronting a world where the villains of Marvel have organized and have virtually wiped out our Marvel Superheroes. The storytelling is sharp and the art is fantastic. I was riveted from the first page. Yes, it's violent. Much more than I expected, but that's just how life is, sometimes. It's poignant and as Wolverine's story unfolds, very sad. It's a brilliant tale. Highly recommended.

Spectacular

By N. Durham

The last time that Mark Millar (Wanted, Ultimates, Civil War) took the reigns on Wolverine, he crafted *Enemy of the State*, a year-long arc that was by and far the best Wolverine story to come along in years. Now, he returns with *Old Man Logan*, which finds a future world that has been rendered desolate and devoid of hope thanks to the destruction of the superheroes from decades before. Former X-Man Wolverine, who no longer goes by that moniker and lives a simple farm life with his family, vowed never to pop his claws again, and is submitted to frequent beatings by the landowning Hulk Gang family. Broke and seeking to save his family, Logan becomes wingman to his former ally Hawkeye (now blind and driving Spider-Man's old car) as they go on a cross country trek to deliver a package, and naturally, end up getting into more than they bargained for. As *Old Man Logan* goes on and Millar gives us glimpses into this post-apocalyptic Marvel universe, one can't help but wonder whether or not they've seen all this before. True, *Old Man Logan* doesn't feature any story elements that haven't been seen in say, Peter David's *Last Avengers Story* or Clint Eastwood's *Unforgiven*, but Millar manages to keep you enthralled regardless, and by the time the big reveal comes and we learn just why Logan vowed to never pop his claws again, you will be floored. And despite the fact that its conclusion is somewhat predictable, one cannot deny that *Old Man Logan* ends up being a surprisingly powerful superhero endeavor. Millar's *Civil War* partner Steve McNiven is on board as well, and his artwork is as effective and gorgeous as ever. All in all, whether you're a die hard Wolverine fan or not, *Old Man Logan* is simply not to be missed.
